City of Vera Cruz Now in Possession of U. S. Forces.

U. S. MARINES KILLED.

Twenty-Five American Men-of-War in Mexican Waters—Japan Avows Strict Neutrality

Vera Cruz, April 23.—Six Americans killed and about 30 wounded marked the complete investment of Vera Cruz at noon yesterday by the United States forces.

The United States forces were in complete control of the city by 11:30 a. m. The work of restoring order was at once begun, and the Mexican officials of the city were compelled to assist.

In the battle, which lasted two and a half hours, and very sharp at times, the marines and bluejackets suffered twelve casualties; but one man was killed. The loss inflicted on the Mexicans was severe.

The marine who was killed was Private Percy, attached to the battleship Utah. All the wounded belonged to the same vessel. They are K. C. Christy, J. L. Bennett, H. P. Pulliam, and H. Holsultzer, seamen, and G. H. Sears, of the marine corps.

The bluejackets were wounded as they landed and as they were passing Mexican Naval Cadets College on their way from the water front. The cadets opened fire on them from the shelter of roof and other points of the building where they could not be seen.

To put an end to this sniping the cruiser Chester opened fire on the cadet's college. Only five-pounder guns were used, but in a little while the college was entirely razed to the ground. How many of the cadets were killed has not yet been ascertained. The markmanship of the gunners was superb. Every shot brought down some part of the college. Not one went wide of the building.

The number of Mexicans killed Tuesday is estimated at 150, with many wounded. The Mexican loss yesterday is not known, but is thought to be heavy.

The paymaster of the British cruiser Essex, Albert W. Kimber, was wounded on board his ship yesterday by a sniper ashore.

Twenty-five vessels of the United States navy were in Mexican waters last night, eighteen on the east coast and seven on the west coast, according to a statement compiled by the navy Department from latest wireless dispatches.

The 25 vessels include nine battleships, five cruisers, three gunboats, three fuel ships, two transports, one supply ship, one hospital ship, and one mine depot ship.

Chihuahua, Mexico, April 23.—General Carranza's first statement of the rebel view of the seizure of Vera Cruz and the American program has been telegraphed to Washington.

It avoids mention of rebel intentions in the matter and states that the United States erred in that the acion intended to affect the individual Huerta was in reality an act of hostility to the Mexican nation.

Tokyo, April 23.—Officials of the Japanese government said yesterday that this nation will maintain strict neutrality in the United States Mexico situation. If the lives of Japanese in Mexico are threatened, protection, will be afforded by the Japanese cruiser Idzumo, now at Guaymas.

Washington, April 23.—That General Maas is preparing for an attack on the American land forces now in control of Vera Cruz is believed to be the information received at the White House from Consul Canada last night.

Neither a correction nor denial of such a report can be officially obtained, but it is understood that a telegram containing information as to General Maas' future plans had been received by State Department officials and was at once communicated to the President.

It is stated unofficially that General Maas, several miles out of Vera Cruz, has been engaged in assembling his men. It is thought here that he may possibly attempt an attack on the American forces early tomorrow. The report is that he has more than 5,000 men, fully equipped and well supplied with ammunition.

The Mexican Embassy here received a telegraphic dispatch from Mexico City at 6:30 o'clock last night, in which it was reported officially that the City of Mexico was quiet, no disorders of any sort having occurred either Tuesday night or yesterday., The dispatch recited that American refugees were leaving for Vera Cruz in small numbers, but by every departing train. They were said to be under the guard and protection of Mexican federal soldiers in all instances.

A high government official has made public a letter from a friend whom he regarded as trustworthy, which read as follows:

"I have on reliable authority from men arriving from Mexico City that Huerta personally, with the Mexican foreign relation minister, planned the Tampico incident, with a view of bringing on armed intervention and uniting the Mexican factions with him."

Quick action on the annual army appropriation bill followed yesterday when Chairman Hay, of the Military Affairs Committee, explained that on account of the Mexican situation the House conferees had agreed to all Senate amendments. The House at once concurred in the amendments and the measure went to the President. It carries a total of approximately $100,000 $6,000,000 having been added by the Senate.

Secretary Bryan and other officials are gravely concerned over the lack of news from Charge O'Shaughnessy at Mexico City. For more than forty-eight hours the State Department has failed to receive a word of news from its representative at the Mexican capital, and efforts to obtain news of him have been futile.

SUIT FOR DAMAGES.

Jury Visits Scene of Alleged Accident to Washingtonian.

With a special jury from Fairfax county the suit of Clarence J. Vliet, an employe, of the Government Printing Office, in Washington, against the City Council of Alexandria, for $10,000 damages, was commenced in the Corporation Court, Judge L. C. Barley, presiding, this morning. The following constitute the jury: George K. Pickett, I. E. Triplett, A. D. Kirby, H. W. Pierson, D. T. Ayers, Randolph Florence, G. W. Triplett, E. J. Nevitt, J. H. Lynn, F. O. Triplett, J. W. Gaines and Carroll Woolf.

Vliet, it will be remembered, alleges he fell on the north side of King street, near Royal, and sustained injuries. He attributes the accident to the defective condition of the sidewalk at that place. The jury shortly before noon repaired to the sidewalk on which Vleit says he fell for the purpose of making an examination of the premises.

The taking of evedence and hearing of argument occupied the court this afternoon.

CARRANZA ASKS FOR RECOGNITION

Rebel Chief's Communication Savors of Ultimatum to President Wilson.

WOULD FIRE SALUTE.

President Wilson Notifies Rebel Chief That Should He Join Huerta, He Will do so at His Peril.

Washinggton, April 23.—Inviting the United States to immediately withdraw its forces, from Mexican territory on the ground that the seizure of the custom house at Vera Cruz involved an act of war against the entire Mexican nation, and intimating the refusal to do this will be followed by war, General Venustiano Carranza, first chief of the constitucnalists, served what reads like an ultimatum on President Wilson today.

As an alternative proposition Carranza suggests that after withdrawing its forces the United States recognize the Constitutionalist Government and then present to it a demand for reparation for the insult offered the American flag at Tampico.

If this is done, Carranza makes it clear full reparation in the way of a salute to the American colors will be made. Carranza's message is directed to President Wilson and comes as response to a message sent him early today by Secretary Bryan.

It must be remembered that Carranza is in an extremely delicate position as representing the constitutionalist cause and aspiring to the leadership ofthe Mexican nation while claiming to represent the sole constituted government of Mexico. His note is intended for the eyes of the Mexican populace.

It would be difficult for him to do less or say less under such circumstances and at the same time appeal to Mexican national sentiment.

Washington, April 23.—In a public statement this morning President Wilson served notice on General Carranza, commander-in-chief of the rebel forces, thet the latter will go to the support of Huerta at his own peril.

The significance of the President's statement was summed up in one sentence.

He declared that the United States expects to deal with those whom Huerta commands, "and those who come to his support." Moreover, the President, in substance, flatly refuses, the invitation of the rebel chieftain that he evacuate Vera Cruz.

It now rests with Carranza whether the operations of the American forces shall be confined to an attempt to wrest from Huerta complete satisfaction for the Tampico incident or whether the united land and naval forces of the United States are to be hurled into Mexico for a decisive war between the two countries.

He gave out the following statement:

"I wish to reiterate with the greatest earnestness the desire and intention of this government to respect every possible way the sovreignity and independence of the people of Mexico.

"The feeling and intention of th government in this matter was not based upon policy. They go much deeper than that. They are based upon a genuine friendship for the Mexican people and a profound interest in the reestablishment of their constitutional system.

"Whatever unhappy circumstances or necessities may arise this object will be held steadily in view and pursued with consistent purpose so far as this government is concerned.

"But we are dealing with facts. Wherever and whenever the dignity of the United States is flouted, its international rights or the rights of its citizens invaded, or its influences rebuffed, where it has the right to attempt to exercise it, this government must deal with those actually in controls. That he does not rightfully Huerta within the territory he controls That he does not rightfully control it does not alter the fact that he does control it. We are dealing, morover, only with those whom he commands and those who come to his support. With these we must deal.

"They do not lawfuly represent the people of Mexico. In that fact we rejoice, because our quarrel is not with the Mexican people, and we do not desire to dictate their affairs. But we must enforce our rightful demands upon those whom the existing authorities, at the place where we act, do, for the time being, represent."

With Charge O'Shaughnessy en route from Mexico this Government is waiting anxiously today for an expected formal declaration of war from Huerta. Handing O'Shaughnessy his passports formally severed diplomatic relations. Algara, the Mexican charge, here, is hourly expected to ask for his passports. They will be promptly turned over.

All war precautions have already been taken by the Administration, but up to the present time actual orders to move the army are withheld. It is planned to give Huerta every latitude and to place him in the position of forcing hostilities. But the troops on the border, at the concentration camps, and at the army posts scattered throughout the country are literally resting on their arms.

Officials here believe Huerta has a formal declaraiton of war ready, but so far they have not received notification of its issuance. Because of the fragmentary state of communication with the Mexican capital, they do not know whether the dictator has taken the matter up with the Mexican congress. But his attitude was well set forth in his statement late last night in which he said war was on and promised to have an an army of 400,000 men in the field in twenty days.

Formal announcement that O'Shaughnessy had been handed his passports was made at the State Department about 3:20 this morning. Previously the President, Secretary of War Garrison and Secretary of the Navy Daniels had discussed it. A plan of action, based on the conditions that would of necessity follow O'Shaughnessy uniting the country was formulated. Its outline was carefully guarded so that it would not reach Mexico City.

Washington, April 23.—The German ammunition ship Ypiranga has docked at Vera Cruz and American marines have taken charge of the 2,000,000 rounds of ammunition and 250 field guns, which she carried for General Huerta. Word to this effect reached the White House yesterday.

The guns and ammunition will be turned against the Mexican dictator and his troops by the American invading force, which will march on Mexico City in a few days.

The war materials were seized by the American marines late last night, when the steamer docked at Vera Cruz.

No opposition was offered by the commander of the Ypiranga to the seizure of the guns and ammunition, according to reports received at the White House. He first indicated that his ship would come into the harbor under the direction of the American fleet, and that he would obey the orders of Admiral Fletcher.

Thus the United States has been enabled to avoid diplomatic complications with Germany, and has added materially to her strength at Vera Cruz. The guns and ammunition will be paid for by the United States Government.

DIRECTED TO LOCATE CAMP

War Department Issues Orders for Mobilization of Virginia Troops.

SELECTING GROUNDS.

Colonel Mosby Offers His Services to The Government—Virginians Anxious to Enter the Field.

Richmond, April 23.—Lieutenant-Colonel Allen Potts, quarter-master general, Virginia Volunteers was placed on duty yesterday afternoon by order of Governor Stuart, following the receipt of a telegram from Adjutant-General Simpson, of the Department of the East, United States Army, directing Adjutant-General W. W. Sale immediately to find a suitable site for a mobilization camp for the Virginia militia, and to make necessary arrangements for supplying it with an adequate water supply and with fuel.

In compliance with this order, Colonel Potts opened negotiations with owners of the old Deep Run Hunt Club grounds on Hermitage Road, which grounds were considered an ideal place for the mobilization camp. The plans, however, met with a serious check through the positive refusal of the present owner to consider the proposal. There is more than a chance that some other city will get the camp.

While not definitely advised, it is believed by some of the State officials that the Virginia militiamen will be ordered into camp within the next forty-eight hours.

Washington, April 23.—Numerous telegrams and letters were received by the Virginia Congressmen here yesterday from people of all classes and ages throughout the Old Dominion, requesting the Congressmen to use their efforts to have their names enrolled upon the first list of volunteers for service in Mexico when the proper time arrives. These communications came not only from young men who have never smelled blood or powder, but many were from veterans of former years.

Colonel John S, Mosby, commander of cavalry in the Confederate army, was the first Virginian to volunteer his services to President Wilson in the present crisis.

The second Virginian was Richard Evelyn Byrd, Jr., ensign in the United States Navy, who wishes to be detailed at once to duty in Mexico.

CHARGE MANSLAUGHTER.

A. W. Simpson to be Tried as Result of Drowing of Two Women On May 27, 1912.

The drowning in the Potomac on the night of May 27, 1912, of Sarah F. Neilsen and Bessie Hallie, after a collision between the motorboat Lotus and the steamer Angler, was recalled yesterday in Criminal Court No. 1, in Washington, when Arthur W. Simpson, 42 years old, a coal agent, was put on trial before Justice Gould and a jury, changed with manslaughter. Simpson was indicted nearly a year ago.

Simpson was the owner of the Lotus. He and four men and the two women had been on a pleasure trip down the river to Marshall Hall The collision occurred on the way back to Washington. The men were rescued, but both women went under before aid could reach them.

The charge that drinking and carousing were going on board the Lotus was made by Assistant United States Attorney Hawken in his opening statement to the jury. He said that the government was prepared to produce witnesses to prove that Simpson and his guests were drinking heavily while they were at Marshall Hall, and that the carousing kept up on the way home.

Prosecutor Hawken also declared that the government would prove that when darkness came Simpson failed to have lights displayed on the Lotus. When the captain of the Angler first sighted the Lotus, according to Prosecutor Hawken, he thought it was a large bulk of driftwood.

Discovering that he was approaching a craft,the captain of the Angler signalled the vessel in darkness, indicating its course in passing. The signal was ignored and the two crafts came together with a crash. It is charged that Simpson was guilty of negligence and indifference.

CONTRIBUTIONS ARE INCREASING

Names of Contributors For New Hospital to be Published Monday.

SUM REACHES $7, 702.

Committee Expects to Have One-Third of Amount Needed Subscribed by Early Part of Next Week.

With a total of $7,702 subscribed in the first three days of the canvass the committee in charge of collecting the $50,000 fund for the Alexandria Hospital, is confident that one third of the entire amount will be raised at the end of the first week. Much of the time since the campaign started has been given up to educational work and the subscriptions received up to today have been voluntary.

The committee met last night and decided to make public the names of all subscribers on next Monday when it is expected to have a long list of well known residents.

A committee of ladies representing the churches have started sending out circular letters to members of the churches and are meeting with considerable success.

It will be impossible for the committee to see every person in the city, and all are urged to either telephone to the treasurer, Mr. Arthur Herbert, Jr., the Chamber of Commerce, or any member of the committee of their intention of making subscriptions and securing blanks to be filled out and turned in The sooner these contributions are made the more easily the total amounts can be secured.

Payments can be made in small installments as follows:

Give $1 from your weekly pay for 50 weeks, $50, or give 70c from your weekly pay for 50 weeks, $35, or give 50c from your weekly pay for 50 weeks, 25c, or give 30c from your weekly pay for 50 weeks, $15, or give 20c from your weekly pay for 50 weeks, $25, or give 30c from your weekly pay for 50 weeks, $5.

It was stated that the High School will repeat "The Princes aand Every-student," the two plays which they performed so creditably and with such success and the proceeds will be applied to the hospital fund.

The schools are expected to turn in by next Sunday their contributions which will be put on the score board on Monday afternoon and the Sunday School collections will not be made until the following Sunday.

SPIRIT THAT COUNTS.

The Alexandria Motor Boat Club, which at the present time is holding its carnival at the Elks' Club, has generously come to the assistance of the proposed hospital buildnig by announcing that the entire door receipts on next Monday evening will be donated to the $50,000 fund. Such spirit coming from an organization engaged in its own attempt to raise funds, is highly commendable.

One of the features at the motor carnival tonight will be a prize fish walk. Something rich is in store for both the dancers and spectators.

The following contests are now going on, and the standings of the contestants are as follows:

Electric headlight—Commodore August Calmes, 80; Captain George Ayres, 85; Captain Phillip Brawner, 53.

UNFOUNDED RUMOR.

Report That Mexicans Had Blown up United States Battleship Spread Over Alexandria.

About six o'clock yesterday evening, a rumor was rapidly circulated in this city to the effect that one of the American dreadnoughts now in Mexican waters had suffered a fate similar to that of the Russian ship Peter and Paul at the beginning of the war with Japan.

After the reading of the papers of the easy investment of Vera Cruz and the success generally of the American arms in the land of the Montezumas, the report cast a gloom wherever it went. It was stated that a Washington paper would send an extra edition to Alexandria in a short time giving the particulars.

People waited until about nine o'clock, when an investigation was made, and it was an announced from the office of the paper that nothing had been received to warrant the issuing of an extra.

POTOMAC PRESBYTERY

Concludes Session Today—Activities of Church Encouraging—Licensed For Ministry

The Presbytery of the Potomac, which has been in session in Alexandria, since Tuesday night, will conclude its work this afternoon and adjourn.

Yesterday afternoon's and this morning's sessions were largely given up to the reading of reports from the churches, Sunday schools and church societies of the district, which showed that the last four year's work had been successful and the outlook for the coming year excellent.

The Presbytery yesterday examined Graham Machen, of Franklin street Church, Baltimore, for licensure for the ministry. After hearing his trial sermon last night he was duly licensed and a letter of transfer given him to the New Brunswick Presbytery, of New Brunswick, N. J., where he is an assistant professor in Princeton University.

Presbyterial communion was served last night, the sacrament being administered by the Rev W. H. Woods, of Baltimore, and the Rev. C. R. Dudley, of Sykesville, Md. The Rev. J. W. Shopoff of Stafford country led the devotional service this morning.

The following were elected commissioners to the General Assembly which meets in Kansas City, in May: Rev. James Berryman, of Waterford, Va., and Rev. Dr. J. McMillan, of Baltimore. Alternates, Elders W. H. Campbell, of Owens Mills, Md., and A. G. Uhler, of Alexandria.

CARRIED A BLACKJACK.

A man, who gave his name as John J. Sacks, and his home Washington, came to Alexandria last night and proceeded to a north Lee street resort, where he became drunk and disorderly. Officers Campbell and Miller were called upon to take him in charge, and upon searching the Washingtonians it was found that he armed himself with a blackjack before coming to this city.

He was disarmed and escorted to the station house where he left $25 for his apearance in the Police Court this morning. He was reported non inventus when the case was called and forfeited his deposit.

Since the abolition of the red light district in Washington and the drastic manner in which disturbers of the peace in Alexandria resorts have been handled, some time has elapsed since residents of the capital city have made themselves conspicuous in Alexandria.

CASE DISMISSED.

The case of Harry Wood, arrested yesterday by officer Roberts on the charge of striking a boy while operating an autombile, was dismissed by Justice Caton in the Police Court this morning.

As was stated in the Gazette, George, the six-year-old son of George Heon, was knocked down and painfully injured while crossing King street, near Washington, and was taken to the Alexandria Hospital for treatment. It was, however, found that the little boy had received no serious injury and was later sent to his home.

Several witnesses testified that Wood was not proceeding at an unlawful speed, and that he had no time to sound his horn when he saw the boy, but stopped within a few yards of the scene of the accident. The accused also showed that two wagons, one on each side of the street, were close to the spot, and that he turned his automobile into the centre of the street in order to clear the wagons.

The boy evidently did not see the oncoming automobile, the wagons being on both sides. The accident not being the result of carelessness, and evidently unavoidable. Wood was dismissed.

CRIES OF EXTRA PAPERS

Washingtonians Invade City Late at Night and Disturb Slumbers of People

Two men, giving their names as Clarence Maltby and James B. Sullivan, were taken in custody shortly before twelve o'clock last night by Sergeant Wilkinson for selling papers in Alexandria without a license.

Complaint has been made during the past few days by people engaged in business in Alexandria that certain Washingtonians invade the city about the time most people are in bed and rush through the streets crying "extra papers," when, in fact, the papers they attempt to sell are simply late editions of papers of the Capital city with which Alexandria has been flooded hours before.

It is alleged that persons engaged in the business of selling papers, and who pay license taxes, are thus placed at a disadvantage.

The men who were arrested left collateral for their appearance this morning, but later the proprietors of the paper they were engaged in selling requested that the investigation of the case be continued until next Monday.

On Tuesday night about twelve o'clock a negro man, with leather lungs, started excitedly down Fairfax street and proceeded as far as Wilkes crying, "Extra!" "Washington Paper!" until he succeeded in awakening people who were enjoying their early naps. It is unnecessary to state that the "Extra" contained nothing later than what had been read hours before.

It has always been held that the authorities of a city have the right to know what sort of literature is distributed in its midst, and to this end a bill poster or distributor is required to take out a license.

Today was the last day allowed by liquor dealers to fill their applications with Clerk Nevell S. Greenaway, of the Corporation Court for a new license effective May 1st. Up to 2:30 this afternoon 44 applications had been filed. This is a smaller number than last year, but some additional applications may be filed later today. Each application was accompanied by a receipt from Thomas W. Robinson, for the state license amounting to $550.

Handmade French Lingerie

Our first step in this direction is the sending abroad each season our personal representative to make selections of French lingerie in Paris, where it is produced. In this way, we secure the very finest materials and the most beautiful designs and trimmings originated by the ingenious French needlewomen.

Fabrics are very sheer and fine, especially so now, in response to the demand of fashion for filmy lingerie of beautiful texture. A garment, though simple in line, can be as elabbrate or as plain as one chooses to have it. Some of them are magnificently embellished with real laces, embroideries and ribbons, and combinations while others are hand-embroidered only.

The fine fitting qualities which French lingerie now possesses is feature that every woman should appreciate. Until the last few years this lingerie was made according to the figures of French women, and was entirely unsuited to American women's use. Now all of our French lingerie is made from the best scientific measurements of American women, and all can be fitted with comfort and style.

NEWS OF THE OLD DOMINION

SING PATRIOTIC SONGS

350 Marines Leave Norfolk to Take Ship at Philadelphia for Vera Cruz.

Norfolk, Va., April 23.—Singing patriotic songs and cheering the American flag for more than an hour 350 marines from the barracks at the Norfolk navy yard left yesterday for Philadelphia, where they will embark tomorrow on the steamer Morro Castle for Vera Cruz. The government chartered the steamer Pennsylvania to take the marines to Cape Charles, where they boarded a special train for Philadelphia. They will reach the latter city tomorrow morning.

The marines are commanded by Captain C. B. Taylor. Before leaving the barracks the men heard a brief address by Col. Mahoney, commanding the post. They cheered the commander to the echo and when the color bearer unfurled the flag, they bared their heads and sang "The Star Spangled Banner."

The Naval Post band played "Rally Around the Flag" and the marines cheered until their commander signaled for attention. Each man carried blankets and other necessities on his back, while several wagons were used to transport hammocks, tents and cooking utensils to the steamer's pier.

Thousands of men, women and children lined the pier to say farewell. When the boat pulled away the band played "America." A mighty shout went up from thousands of throats. Several women among those on the pier were weeping, but the men on the steamer were as happy as if they were going to a picnic.

RACE TRACK MEN TO SUE.

Bookmakers Want to Recover Money Seized by Detectives at Jamestown.

Richmond, Va., April 23.—The latest development in the state's raid upon gamblers and bookmakers on the Jamestown Jockey Club's tracks in Norfolk county is the announcement that the bookmakers will sue for the recovery of $6,200 taken from them by the Baldwin-Felts detectives when wholesale arrests were indulged in and gambling on the track finally stopped.

Attorney-General Pollard called up on Governor Stuart Tuesday for a short conference. The Attorney-General said that he had been informed through A. B. Carney, commonwealth's attorney of Norfolk county, that the bookmakers had employed counsel to look after their interests in an effort to recover the $6,200 taken from them at the time of the raid.

W. G. Baldwin, head of the Baldwin-Felts agency, of Roanoke, prominent in the arrest of the Allen outlaws and in charge of the raid upon the racing grounds in Norfolk county, called upon Governor Stuart last week and it was later learned that the commonwealth would probably file suits against three of the Norfolk county constables and also against James V. Trehy, clerk of the Norfolk county courts.

Already a $10,000 suit has been filed against W. G. Baldwin for the part played by him in the arrests. Baldwin said that when his men raided the tracks some of the gamblers and their sympathizers called upon the crowd to mob them. He retreated to his automobile and picked up a carbine, after which he invited the mobbers to "start something"

Death of Rev. J. C. Davidson.

Lynchburg, Va., April 23.—The Rev. Judson Carey Davidson, aged 68 years, a Baptist minister, died here Tuesday night. His wife and three children survive: Prof. George Davidson, University, of Iowa; Miss Mabel Davidson, of Randolph-Macon Woman's College, and Miss Grace Davson.

Mr. Davidson was one time pastor of the Winchester, (Va.), Baptist Church as well as a church in Baltimore.

FATAL JUMP FROM WINDOW.

Abraham Katz Meets Death at Baltimore Hospital.

Baltimore, April 23.—Eluding the vigilance of his attendants Tuesday, Abraham Katz, 47 years old, a patient at St. Agnes' Hospital, ran to a window and jumped out. He doubled up as he struck the concrete sidewalk four stories below. His skull was broken and he died several hours later.

Katz had been quartered in a small room off the big corridor on the fourth floor, and at the time he climbed to the window sill there was supposed to have been another patient in the room.

A few hours previous to his act Katz conversed cheerfully with an attendant and remarked that he felt better than at any time since he had entered the hospital. Justice Yoe, of Violetville, the coroner, decided an inquest unnecessary.

Katz lived at 22 north Hare street, and for a time conducted a saloon on Madison street, near Asquith. He had at times served as advance agent for a burlesque circuit, but for the last four years did not work.

CLARKSVILLE DRY.

Judge Barksdale in Mecklenburg Refuses to Renew License.

Clarksville, Va. April 23.—Judge Wm. R. Barksdale, sitting in the Circuit Court here yesterday, refused to renew the license for the sale of liquor in Clarksville and this town will become dry.

The dry leaders have been working earnestly and quietly for some time and presented to Judge Barksdale numerous signed petitions not only from Clarksville but from other sections of the county urging him to decline to grant the license for another year. A number of attorneys appeared in favor of the license, but the judge was influenced by what he believed to be the sentiment of a majority of the people, and as a result of his action the Clarksville saloon was closed.

This makes the entire county of Mecklenburg dry with the exception of the dispensary at Boydton.

CROAKERS STILL IN EVIDENCE.

As has ever been the case in the United States the administration has stumbling blocks in its way now that the war with Mexico has been precipitated. These annoyances come from our own people, not from Japan or any other foreign government, which so many supposed would harass the United States should the latter attempt to take its own part in dealing with the obdurate and insulting Huerta.

No movement ever started for the good of our republic has been sanctioned by some representative people. In 1846, when this country was compelled to go to war with the United States, it was alleged among abolitionists that the war was started for the sole purpose of adding another slave state to the American union, and men prominent in conducting the affairs of the country at that time were firm in their convictions that the western boundary of the United States should be the Mississippi River.

It is useless to recall the opposition to the acquisition of Louisiana and Florida and to many other movements which have tended to stretch the dominions of Uncle Sam from ocean to ocean, but, coming down to our own day, prominent men and newspapers fought against the annexation of Hawaii and later the acquisition of Porto Rico, the suzereignty over Cuba, the purchase of the Phillipine Islands and the taking of Samoan Islands.

The American nation has ever posed as non-aggressive, and has stood upon the defensive. It will always endeavor to avoid war, but, when once forced upon us, that we should be ready to spend all and sacrifice our blood, when realizing we are in the right, is but natural.

It seems paradoxical, that certain Republicans, some of whom have posed as the greater lights of that organization, should be dissenters now that a Democratic administration has been forced, in order to maintain its self- respect, to take up a gauntlet thrown down by an impudent usurper, murderer and cruel autocrat. This same party forced the war with Spain, and connived at the seizure of the Sandwich Islands.

Senator Penrose, of Pennsylvania, yesterday relieved himself of the following:

"I believe there never was a war entered into by any civilized nation which has been the culmination of more incompetence and ignorant management of diplomatic affairs than is the war in which the American republic find itself today.

"We have sunk to a depth which has invited the contempt of every civilized nation in the world—a contempt for the management of our State Department and for even the management and conduct of the great executive office of the Presidency."

The discussion of the Mexican situation came up when Senator Shafroth, of Colorado, read into the record the application of a Colorado volunteer troop to enlist in the war with Mexico, and urged that it be permitted to be the first troop to cross the Rio Grande.

Senator Penrose declared that such things had no business in the Senate. They should be filed, he said, with the War Department, where they belonged. He charged that dragging these matters into the Senate proceedings was an "effort of the Democracy to make a paltry capital out of a weak, wicked and unnecessary war."

Senator Reed compared Mr. Penrose with the tories who were in Congress during the first war with Mexico.

"Of course," said Senator Reed, "it is cheap demagogy to stand and protest that a tender of money, limb, and life to your country should not be met with a sneer or turned side with an insult. Of course, that is cheap demagogy, but to utter the insults within the confines of the chamber of this body, when protected by office, is the highest courage and the supremest test of patriotism."

READ AND SAVE MONEY.

Have you cultivated the habit of reading the advertisements in the Gazette day from day? If you have failed to do so you have missed many a good bargain in all lines of merchandising. The merchants do not hesitate to spend money to put their wares before the public. Their advertisements set forth bargains which if accepted will be the means of saving many a dollar for the customer. Advertisements in the Gazette are equally as important as the news features for that reason. Begin today reading advertisements as well as news. It will not only pay you to do it but it will save you many steps in walking from store to store in search of bargains.

BOY SCOUT'S PATRIOTISM.

Lone Star Camp Offer to Escort Alexandria Light Infantry to Train or Boat.

Whereas, Our country is now at war with Mexico as a result of numerous murders, indignities and outrages, which have been perpetrated on scores of our citizens during the past eighteen months or more, under the misrule and mismanagement of one Victor Huerta, the provisional president, whose refusal to salute our flag, as an apology and reparation for certain recent indignities perpetrated, when so ordered by President Wilson and who has been the direct cause of plunging our nation into the awful horrors of armed conflict, and

Whereas, Our organization, "Lone Star Camp, No. 1, American Indian Guards," (of which the band is part) stands for loyalty to our home, country and flag; and

Whereas, We understand that the Alexandria Light Infantry have volunteered their services in this conflict,

Therefore be it Resolved:—That whilst our ages preclude the possibility of our engaging in the hostilities, yet our hearts beat in unison to the bugles call; and should this, our home company, be called into active service, we hereby tender our services as an escort to them, to the train or boat on which they may depart.

Unanimously adopted in this, our regular meeting assembled, this twenty-second day of April, 1914.

"Lone Star Camp Number One, American Indian Guard Band."

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted in prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifications prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital.

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracks is that they plant or, arrange a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the ale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to $1,268.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as $500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further arguing, and waste no time in locating on this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it, otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold and to increase the traffic along the Atlanta ,Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening similar to those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will be cheerfully permitted, and the opening will be held at Browntown, Wayne county, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown any one. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With an ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. **You must realize that this may be your last chance to secure land in this country without a large outlay of capital, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.**

THIS STOMACH REMEDY REMARKABLY SUCCESSFUL.

Therefore, when we offer you Rexall Dyspepsia Tablets with this proof of our faith in them it leaves you no room for hesitation or doubt.

The remarkable success of Rexall Dyspepsia Tablets is due to the fact that they contain, among other things, Bismuth and Pepsin, two ingredients indorsed by the medical profession as invaluable in the treatment of stomach ills. They soothe the inflamed stomach, check heartburn and distress, stimulate the secretions of gastric juice, aid in rapid and comfortable digestion of the food and help to quickly convert it into rich, red blood. CONDITIONS IN COLORADO.

Senate Told of Burning of Women And Children, and Gov. Ammons Hurries to Colorado.

Trinidad, Colo., April 23.—The destruction by fire of every coal mine in southern Colorado, as a reprisal for the killing and burning to death of twenty-five persons at Ludlow Monday, is said to have been decided upon by the strikers. The Empire mine, near Aguilar, is now burning. Hundreds of armed strikers are pouring into Las Animas and Huerfano counties.

A woman and two children are among the killed in the battle at De'agua, which has been raging since daylight. The number of dead and wounded is not known. Four hundred strikers, attacked the camp and kept up an incessant fire for hours. The camp is in flames. Five men are known to have been killed.

Reports reached the office of the Victor-American Fuel Company that the reservoir at the head of Apishapa Creek had been dynamited. This reservoir supplies water to several mining towns.

Early today the militia brought up machine guns to rake the strikers' position at the first hostile move. The miners' ranks were swelled by men who tramped overland in the dark, carrying guns and ammunition from neighboring union camps.

Late advices from the strike zone said that the list of dead in Monday's battle on the property of the Colorado Fuel and Iron Company might reach forty-five.

Denver, Colo., April 23.—The secretary of the miners union yesterday afternoon issued a call for volunteer companies of fifty men each to combat the Colorado militiamen on duty in the Ludlow district. A telegram from Governor Ammons states that he is hurrying home. He is expected to call a special session of the legisature at once.

Ludlow, Colo., April 23.—The situation has grown so acute that every woman and child was taken out of town this afternoon.

Washington, April 23.—Word came to several Senators yesterday from Colorado that five men, four women, and no fewer than five children were burned alive in the Colorado mine war and that this was only a partial list of killed and wounded.

RIOT OVER INSULT TO FLAG.

I. W. W. Orator Attacked by Crowd Led by Former Sailor.

New York, April 23.—An open-air meeting in Park Row, opposite the city hall, yesterday broke up in a riot when a former United States sailor attacked a speaker representing the "anti-military conference," who had shouted at the top of his voice.

"The American flag is not fit to defend!"

Police reserves had to use their clubs before the crowd could be dispersed.

According to the police, the meeting was held under the auspices of the Industrial Workers of the World, and the orators, it was said, were members of that organization. One of the speakers shouted that the hostilities with Mexico were "all a frame-up on the part of the President and Congress to take care of the interests of Rockefeller and the Guggenheims."

The crowd did not take kindly to these declarations, and surged toward the speakers, among them were Becky Edelson, a woman; Sam Hartman, and Jack Rudone. Quick interference by the police saved them from rough handling, and the reserves had the situation in hand.

THE PHAGAN MURDER.

Detective, in Report, Again Declares Frank Innocent of Murder of Girl.

Atanta, Ga., April 23.—Following the postponement of the hearing of the new trial motion for Leo M. Frank, Detective Burns yesterday made a report, declaring that Frank is innocent of the murder of Mary Phagan. He points to Jim Conley, the colored man, as the slayer of the factory girl. Burns' statement, in part, was as follows:

"I am now engaged in drawing up my formal report, which will be submitted to you as soon as the same has been finally completed. I desire, however, to anticipate the same in these respects.

"1. The murder was unquestionably the crime of a pervert of homicidal tendencies of the most pronounced type.

"2. That Leo M. Frank is not a pervert, and is innocent of the murder for which he has been convicted.

"3. That James Conley—and he alone—is guilty of the murder of Mary Phagan, and, further, he is a pervert of the type heretofore described.

"All of which I am prepared to prove."

FRENCH ELECTIONS SUNDAY.

Will Have Important Place in History of the Third Republic.

Paris, April 23.—The elections of 1914 for the Chamber of Deputies, which will be held on Sunday, April 26, will have an important place in the history of the third republic.

The killing of Gaston Calmette, editor of the Figaro, by Madame Caillaux, wife of the ex-Minister of Finance, and the great Rochette scandal, which the Figaro tragedy served to bring to a furious climax, will, no doubt, have considerable influence upon the voters, but probably not so much effect as may be thought by observers abroad. The point which stands out in connection with the elections is that for the first time under the present regime two powerful and well-defined constitutional parties are opposed to each other. One of these parties is made up of the Radical and Socialistic-Radical groups; the other is the Federation of Democrats of the Left, formed a few months ago only by Artistic Briand.

The only "bolds" of Republican groups formed for the separation of church and state, having once accomplished its purpose, began slowly to disintegrate. It was first weakened by denunication on the part of the United Socialists of the treaty of alliance, then it lost one by one the assured support of other Republican groups and their leaders. The opinion grew that the uncompromising anticlericalism to which the Radicals the largest unit in the "bloc," rigidly adhered, was out of date and served only to promote internal dissension and national weakness, and was, moreover, out of touch with the bulk of public opinion.

Michael Mankos, a Bethelhem, Pa., Steel Company foundryman, was practically consumed by jumping into a core oven into which molten metal was being poured. The man was handling a ladle, and, becoming frightened and bewildered when a compound used in making a mold ignited, leaped right into the core oven.
